

# LOST & FOUND

## Transformation of Alpine Industrial Landscapes (trAILS)

1st and 2nd of March, 2021 – Online-Symposium via Zoom  
Registration: [www.alpine-space.eu/projects/trails](http://www.alpine-space.eu/projects/trails) or [www.lai.ar.tum.de](http://www.lai.ar.tum.de)

The symposium LOST & FOUND marks the end of a 3-year Interreg research project on the transformation of industrial brownfields in the Alps.

In the Alps, de-industrialization is leaving behind former productive landscapes of impressive size and complexity: Alpine Industrial Landscapes (AILS). Between 2018 and 2021, ten project partners generated significant knowledge about these brownfields, developing and testing sustainable transformation strategies. The multidisciplinary approach of trAILS combined expertise in spatial and landscape planning, socio-economic sciences and ecological restoration while cooperating with local communities in Austria, Italy, France and Slovenia. trAILS wants to support local and regional stakeholders in the complex process of sustainable brownfield transformation.

At the symposium, the specific approach of the trAILS project will be presented and discussed with experts and project partners from renowned European research and planning institutions. The aim is to share knowledge and experiences in order to deepen the understanding for the challenge of transforming industrial areas, embedded in the unique landscape of the Alps.

### Program

#### Monday, 1st of March 2021

- 01:30 pm Prof. Dr. Udo Weilacher: Welcome to the symposium + Introduction „**Assessment Session**“
- 02:00 pm Marcello Modica: framework of trAILS
- 02:30 pm Stefan Bindreiter: AILs – a mapping challenge
- 03:00 pm Dr. Katharina Strobl: AILs - an ecological challenge
- 03:30 pm Coffee Break ... online networking ...
- 04:00 pm Prof. Dr. Lorenzo Migliorati: Industry in the Alps as Cultural Landscape

- 04:30 pm Dr. Tomaz Pipan: AILs – an assessment challenge

- 05:00 pm Discussion and conclusions of the afternoon session
- Evening lecture (07:00 pm):**  
Prof. Dr. Ellen Braae (University of Copenhagen): Transforming large industrial landscapes

#### Tuesday 2nd of March 2021

- 08:45 am Marcello Modica: Introduction „**Regions Session**“
- 09:00 am The Slovenian pilot site, introduced by:

- Business support centre Kranj
- 09:25 am The Austrian pilot site, introduced by:

- Reg. association Styrian Iron Route
- 09:50 am Coffee Break ... online networking ...

- 10:20 am The Italian pilot site, introduced by:
- LAMORO Development Agency

- 10:45 am The French pilot site, introduced by:
- C.A.U.E. 84

- 11:15 am Discussion and conclusions of morning sessions
- 12:30 pm Lunch Break

- 02:00 pm Marcello Modica: Introduction „**Planning Session**“
- Discussion and conclusions of the morning session

- 02:15 pm Prof. Dr. Udo Weilacher:  
A landscape approach to industrial landscapes

- 02:45 pm Prof. Piergiorgio Vittilo: AILs - a planning challenge
- 03:15 pm Coffee Break ... online networking ...

- 03:45 pm Marcello Modica: results of trAILS and future challenges

- 04:15 pm Final discussion + conclusions

- Evening lecture (07:00 pm):**

- Prof. em. Dr. Bernd Scholl (ETH Zurich): Test Planning. From Theory to Practice.

### Project partners trAILS

**Austria:**  
Registered association Styrian Iron Route

**France:**  
Architecture, Urbanism and Environment Council of Vaucluse department

**Germany:**  
Technical University of Munich (Lead Partner)

**Italy:**  
University of Verona  
Polytechnic University of Milan

LAMORO Development Agency

**Slovenia:**  
BSC business support centre Lj.d. Kraji  
E-institute, institute for comprehensive development solutions University of Ljubljana

**Organized by**  
Professor Dr. Udo Weilacher  
and: Dr. Marcello Modica,  
Department of Architecture  
Chair for Landscape Architecture  
and Industrial Landscapes  
Technical University of Munich
